Hi! My name is Daisy. I'm fond of watching movies. I have a movie collection, so I have many movies in it. Especially, I love fantasy movies. My favorite is Harry Potter series. The movie series is about a boy whose family was killed by a magician. Harry Potter has special skills and he is a talented magician at school. The name of the school is Hogwarts School of Witchcraft and Wizardry. He has a lot of friends there, but his best friends are Hermione and Ron. Lord Voldemort killed his family and he wants to kill Harry, too. They fight and at the end of the series Harry defeat Voldemort and rescue all the magicians. He gets married to Ron's sister and they have two children. This is the most exciting movie I have ever seen. I like the characters and theme of the film. The visual effects are fantastic, too. I can watch it again when I have free time.
