1. Read the letter and write the sentences that describe a wish, a regret or an unreal potential in the past. (Mektubu okuyarak dilek, pişmanlık ve geçmişe ait düşsel cümleleri yazınız) (4x5=20p.)

My precious grandchild Noah,
My dearest child, today, as you begin a new chapter in your life, let me share some of my regrets with you so that you don't make the same mistakes. I hope this will help you in the future.
First of all, my dearest, please always keep a healthy work-life balance. You know, I've spent my entire life working nonstop. When your mother was a little girl, for example, I missed all the special moments in her life because I was too busy working. Birthday parties, school plays ... It still burns me up today. I wish I had worked less and spent more time with my family.

It's a changing world, son. Make bold moves. I was always afraid of losing, so I played it safe. If I had taken some risks, I could have had a more fulfilling life. Please take the chance when available!

Every day, take a walk in the woods, nap, exercise and pray. Make self-care a higher priority. Be thankful for what you have every single day! I wish I had taken better care of myself when I was younger. I never cared. I would have been in a better condition today if I had paid more attention to my well-being.
